

SNOWFLAKES

An innovative way to
reward friendly players

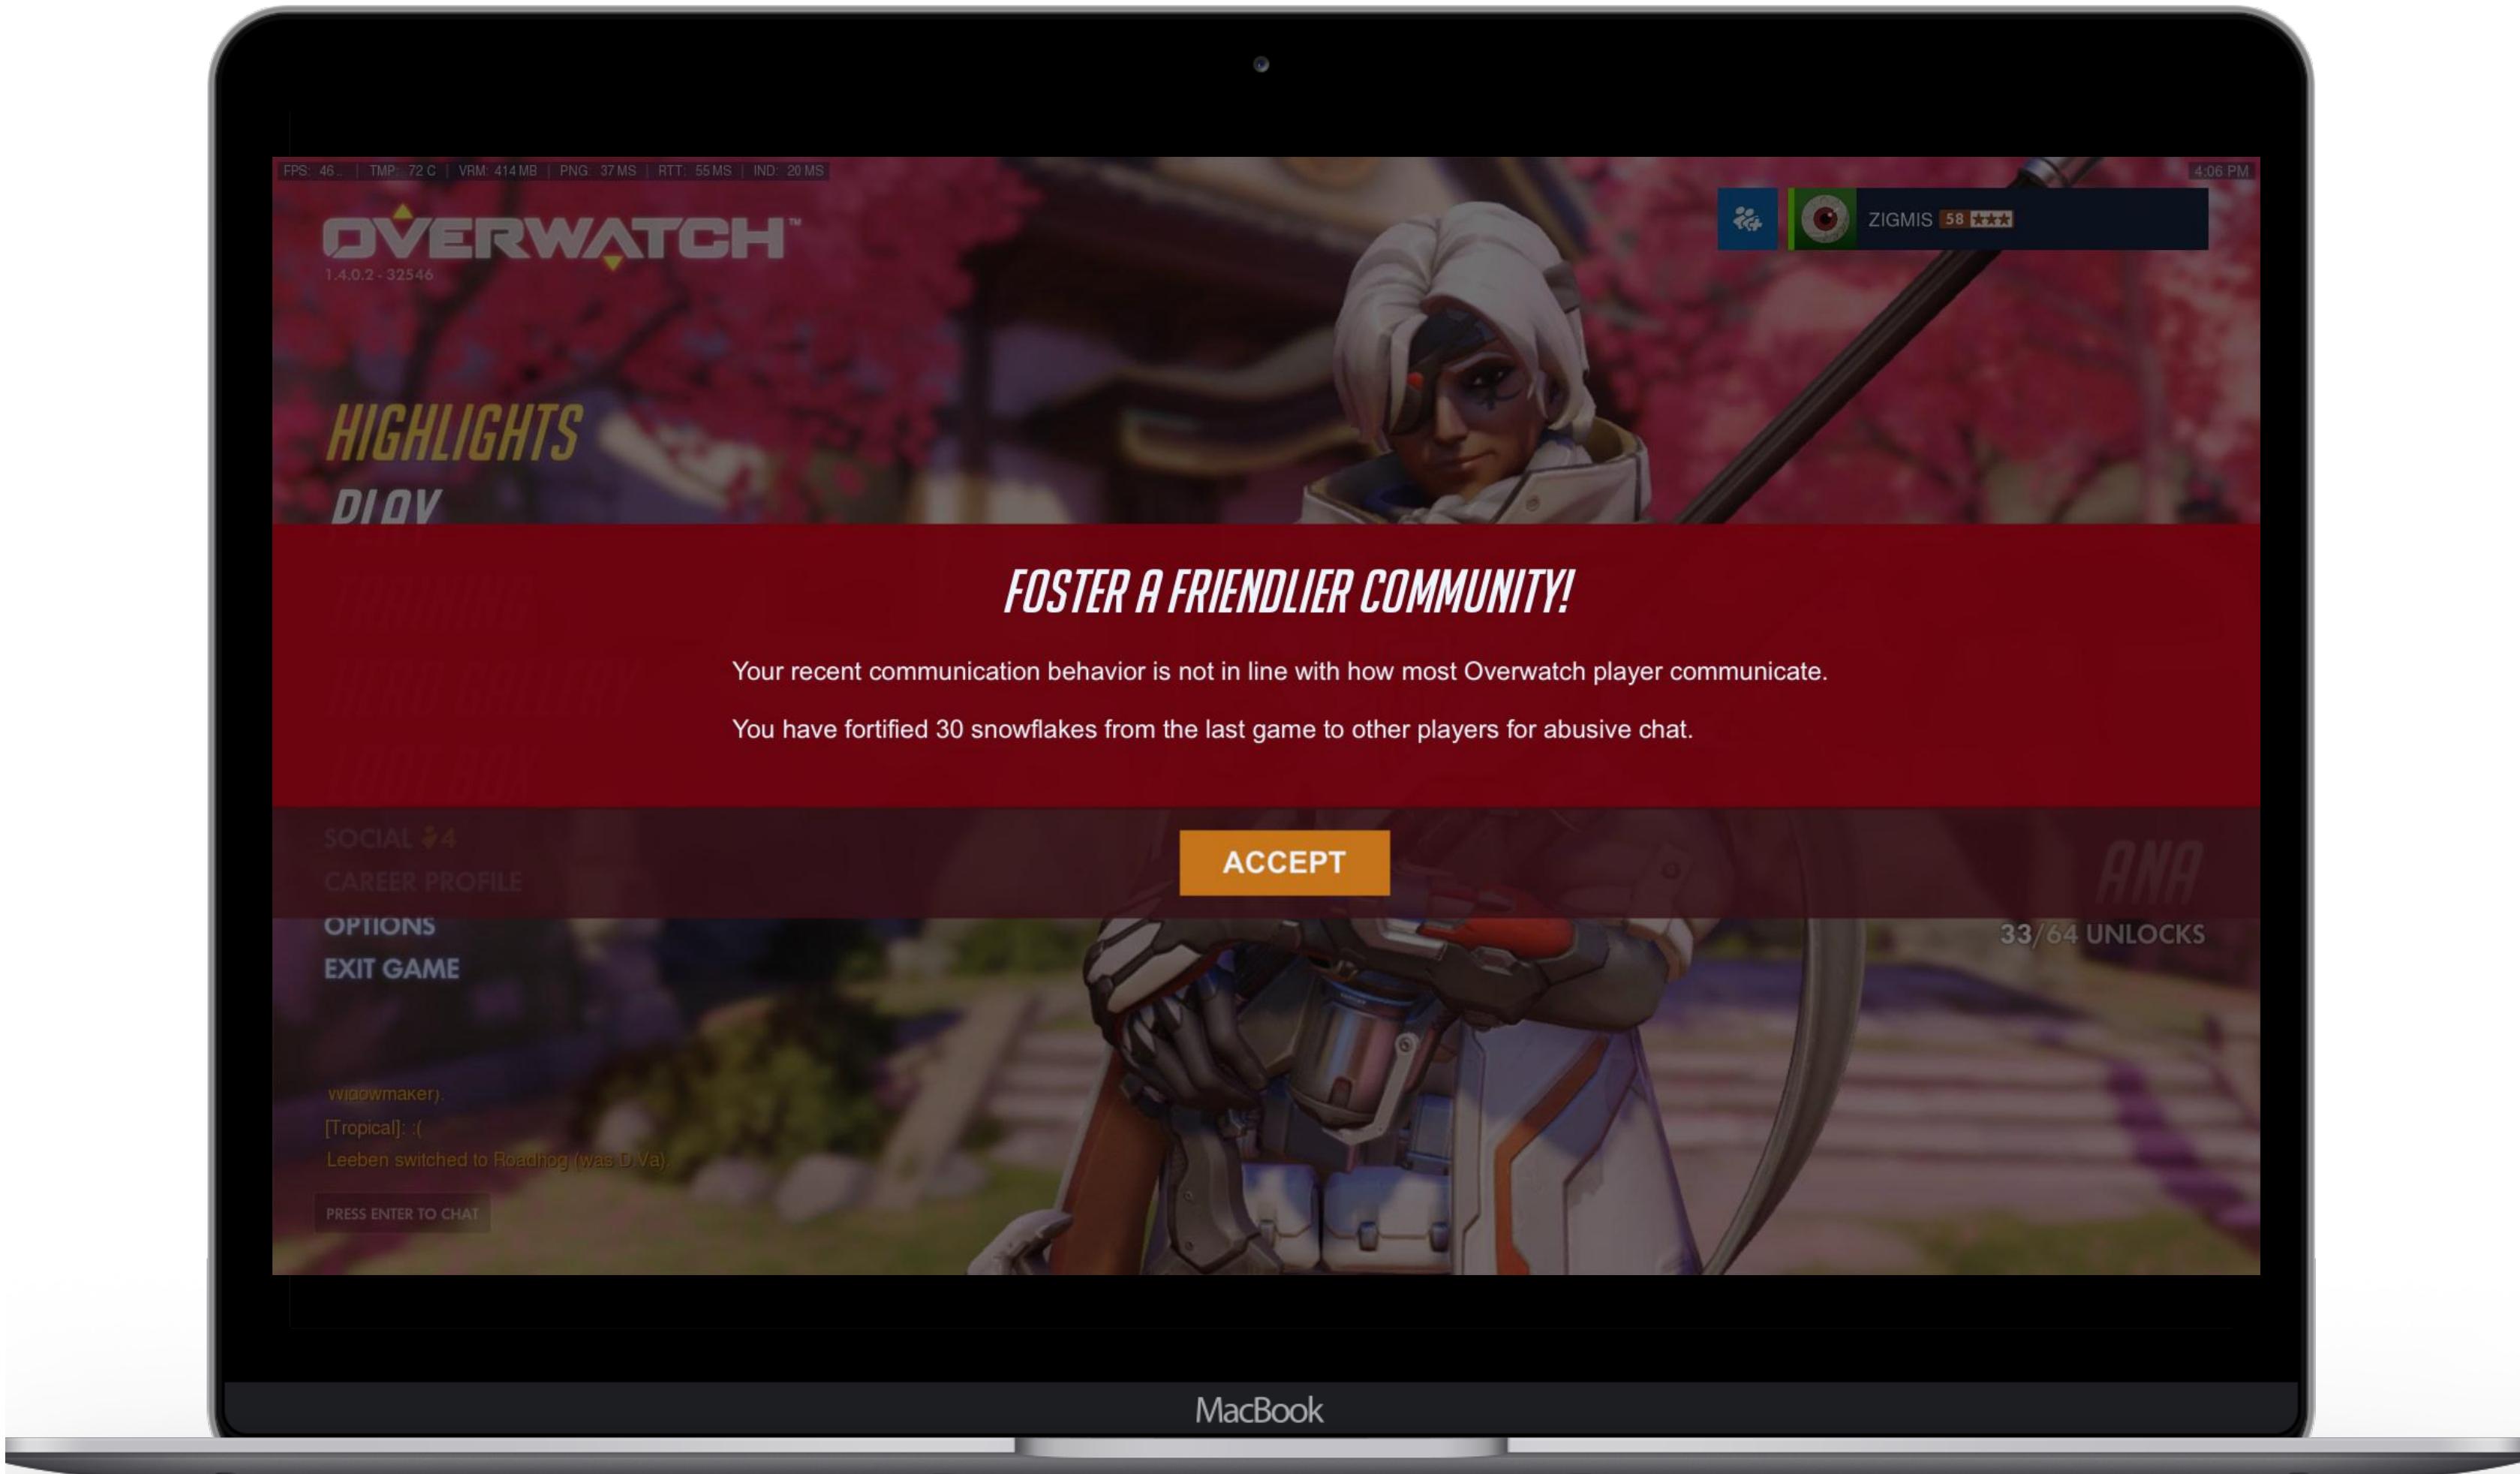

THE CHALLENGE

OUR SOLUTION

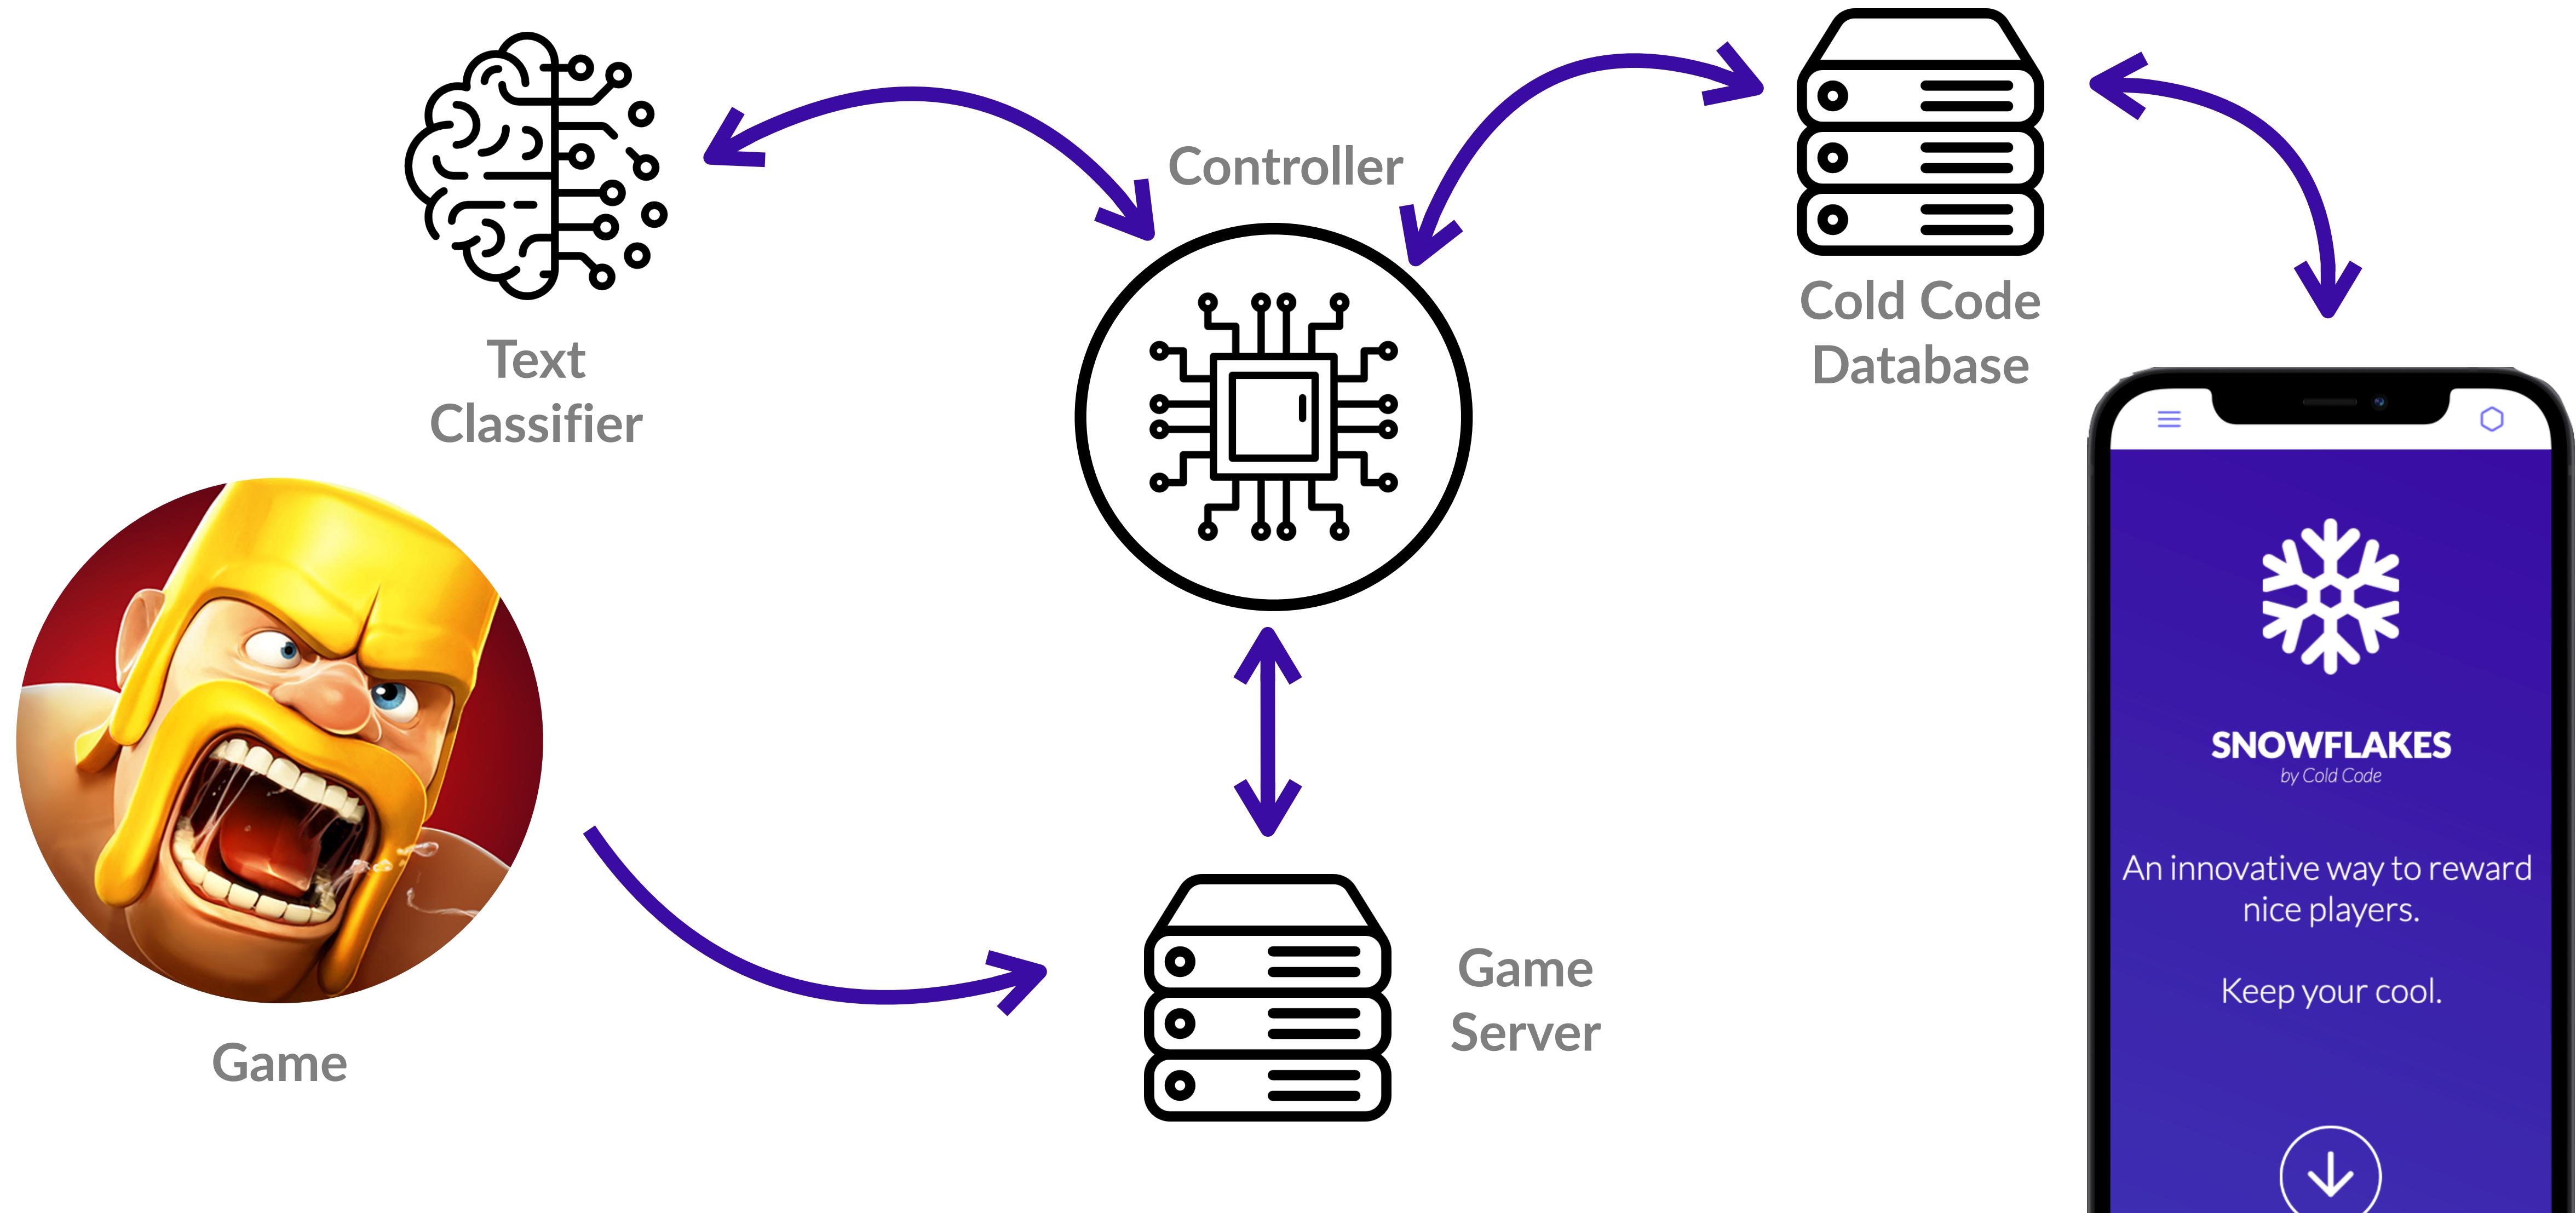

- A multiplayer sanction system for toxic in-game behaviour
- Snowflakes are pool rewarded at the end of a game.
- Distribution is based on player behaviour. A player forfeits his Snowflakes by being disruptive in a match
- Players can use snowflakes in your store for skins, exclusive content and more
- Subscription System

FOSTERING POSITIVE COMMUNICATION

TECHNICAL IMPLEMENTATION

THE WEBSITE

The image shows a silver MacBook displaying a website on its screen. The website has a dark blue background. In the top-left corner, there is a sidebar with a white header containing a snowflake icon and the text 'Cold Code'. Below this, five menu items are listed: 'the idea', 'benefits', 'stats', 'partners', and 'bank'. The main content area features a large white snowflake icon in the center. Below the icon, the word 'SNOWFLAKES' is written in a large, bold, white sans-serif font. Underneath 'SNOWFLAKES', the text 'by Cold Code' is written in a smaller, italicized white font. At the bottom of the page, the text 'An innovative way to reward nice players.' is displayed in a white sans-serif font, followed by 'Keep your cool.' in a slightly smaller white sans-serif font.
